DIARY NOTES

ADD/A (Colonel White) [REDACTED]

26 January 1952

1. In conference with [REDACTED] (Communications), Dr. Tietjen, and John [REDACTED] concerning the transportation and medical expenses of a tubercular wife and child of an employee in [REDACTED], I authorized [REDACTED] to issue orders for permanent change of station to the employee and his dependents. Legally, there seems to be nothing that we can do to pay the medical expenses for these dependents. We advised [REDACTED] of our hopes to have legislation that would enable us to be of more help in these cases and told him that we would do everything possible when the dependents arrived in the States to see that they were properly taken care of at a minimum of expense, but that we could not legally commit ourselves to pay the bills. 25X1A9a

2. I telephoned [REDACTED] at [REDACTED] to wish him a happy anniversary. 25X1A9a

3. Talked to [REDACTED] and Bill Peel concerning the possibility of Communications using some additional space at [REDACTED]. Prospects look fairly good. 25X1A6a
4. [REDACTED] is complaining bitterly about all of the parking spaces in the rear of "I" Building being taken by unauthorized employees on Saturday. I will look into this with Sheff Edwards and see whether it is feasible to have weekday instructions applied to this area on Saturday. 25X1A9a
5. Have been briefed by [REDACTED] and will have a talk with George Meloon on Monday to see where he may possibly be used in view of the fact that we no longer need him as a Personnel Procurement Officer. 25X1A9a

6. I talked with [REDACTED] and Matt Baird about our "title" to the [REDACTED] property. As you know, this was handled very hastily on a very high level by General [REDACTED]. Larry Houston thinks that the arrangements are pretty flimsy. I have asked him to study this matter and to make recommendations as to what we should do to make our tenure more secure. 25X1A6a

- 25X1A 7. [REDACTED] was in to see [REDACTED] and left his badge which has been turned over to I&S. 25X1A9a
8. I requested the General Counsel to furnish us with a study (which, incidentally, his office has already initiated) on the relative benefits received by service and civilian personnel, insofar as medical payments, retirement, etc., are concerned.
